

## 2019 Annual Minnesota Broadband Profiles | Red Lake County

Rank: 26 (out of 87) for broadband speeds of 100/20 megabits per second (Mbps)

### Background

Every year since 2017 Blandin Foundation has contracted with Ann Treacy of Treacy Information Services to synthesize data from the Minnesota Office of Broadband Development and broadband news from communities across the state to gauge progress toward the state broadband goals (2022: 25 Mbps down and 3 Mbps up and 2026: 100 Mbps down and 20 Mbps up).

Leaders can use this information to plan and act to improve broadband access and use in their communities.

### Red Lake County: data and community action

For all practical purposes, Red Lake County has reached the state’s broadband speed goals for 2022. But they need to work toward the 2026 goal. They have not had to think about broadband for many years, but their current speed of broadband is not futureproof.

Percentage of Served Population by Speed and Date			
Red Lake	2019	2018	2017
100/20 (2026 goal)	83.17	83.17	48.01
25/3 (2022 goal)	99.99	99.99	99.99

### Checklist:

- 100/20 ranking: 26 (down from 18)
- 25/3 ranking: 1
- Has worked with Blandin: no
- Has received a MN Broadband grant: no
- Household density: 4
- Number of providers: 4
